

RECRUITMENT SEASON IS HERE!

An ISS EDUrecruit® subscription equips international schools with a powerful blend of global educator access, expert guidance, and cost-efficient recruiting tools—helping you stay ahead in a competitive talent market and build strong teams without overextending your budget or time.

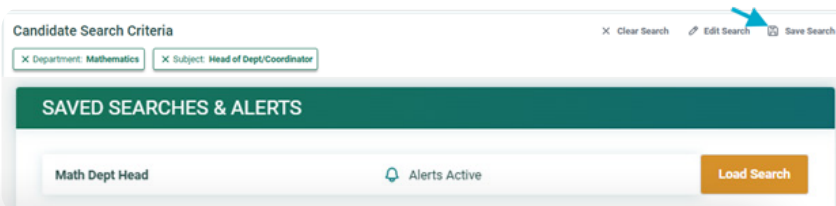

Our ISS Recruiting Platform is growing!

NEW UPDATES & FEATURES FOR RECRUITERS

We're constantly making enhancements to our AI-augmented platform to help you work faster, smarter, and more efficiently to find your next hire.

Take a look at our SY26 updates:

- **See highly-engaged candidates at the top of your search results**
Search results will prioritize actively-seeking candidates who are more likely to be interested in your vacancies.
- **Focus searches by YOUR most relevant fields**
Re-designed the candidate search filters to easily align to your school's open jobs first.
- **Search candidates more effectively by area of expertise**
Simplified Department and Subject Options available on candidate profiles so your candidate results have the most relevant areas of expertise
- **Anticipate more fair attendees – and enjoy an easier fair experience**
Streamlined the fair registration flow and transitioned to a new event management software.

The screenshot shows the 'Candidate Search Criteria' interface. At the top, there are buttons for 'Clear Search', 'Edit Search', and 'Save Search'. Below this, there are two filter boxes: 'Department: Mathematics' and 'Subject: Head of Dept/Coordinator'. A section titled 'SAVED SEARCHES & ALERTS' contains a search entry for 'Math Dept Head' with a status of 'Alerts Active' and a 'Load Search' button.

All Districts in Alaska can have a **Free Membership!**
